

## Activity Application FEE SCHEDULE

**Effective January 1, 2009 through December 31, 2009**

Please note that applicants must use the most current application or it will be returned for re-formatting. Incomplete applications and applications requiring reformatting will be subject to the late fee. Incomplete applications and those requiring revisions may take longer to review than the specified time frames. Compliance with all ANCC criteria is required for approval irrespective of timelines.

**Activity Applications** should be received 60 days prior to the first offering date to facilitate the work of the committee in thoroughly reviewing and if necessary, requesting any additional clarifying materials. Those applications received less than 60 days but more than 45 days prior to the first offering date must also be accompanied by the additional late fee. Activity Applications are not accepted less than 45 days in advance.

The fee is based upon the total clock hours of teaching time within the entire activity including concurrent sessions, if applicable. Example: The activity begins with a 2 hour plenary session followed by the choice of two out of five one-hour breakout sessions. Therefore, the total length of teaching time equals 7.0 clock hours. While the learner can earn a maximum of 4.0 contact hours in this example, the fee is based upon the review of the total teaching clock hours.
